*Subject to sighting of the new moon

MOON INFORMATION: There were no reported sightings from anywhere in the UK. In York there were 5 Ulema and 10 other local people who attempted the sighting from York Observatory Society with the Aid of a Meade LX200 Telescope, yet they still were not able to sight the Crescent. There was no reported sighting from anywhere else to the East of UK, including Morocco, we have therefore commenced the Month of Rabi ul Thani on Tuesday 8th April 2008.
