\*Subject to sighting of the new moon

**MOON INFORMATION:** We had attempted to sight the moon on the evening of the 10th in all parts of London but as the sky was overcast it was not possible to sight the Moon. We had no reported sighting from any other part of UK either. There were also negative reports from Morocco and South Africa. We have therefore completed 30 days of Shawwal.

Saudi Arabia had to complete 30 days of Shawwal, due to the fact that they had commenced the month not according to their Umm ul Qura Calendar. They are now back on line with their calendar as Dhul Qa'dah was due to start on the 11th November. Apart from Shawwal all other months have begun according to their pre calculated Umm al Qura calendar.
