**MOON INFORMATION:** Many people attempted a sighting from various places in the UK but due to clouds we were not able to observe the Hilal and have not received any credible reports of sighting in the UK. However we have reported news of actual sighting (Muhaqq Ru'yat e Basri) from many places in South Africa. We therefore had 29 days Rajab and the first day of Sha'ban will be from Tuesday 13th July 2010 Insha Allah.

Saudi Arabia had 30 days of Rajab and have also commenced the Month of Sha'ban from Tuesday 13th July according to the pre calculated Umm ul Qura Calendar.
